

Mobile AV System

Roll in - Roll out, the perfect all in one mobile audio-visual system, perfect for any presentation. Includes a stable presentation platform, easily moved through your premises, designed to fit through a standard single door and into lifts. Its attractive, aesthetically pleasing design will compliment your work environment and give your presentations punch! Once in position, just plug and play, so no costly on site installation or messy cabling required.

The standard system is delivered, ready to go with full user training provided.

Standard System Features:

- Trolley with sturdy glass tabletop.
- 42" LCD display fully HD ready 1080p compatible and built in freeview receiver.
- Built in presentation PC for display of all PC based media.
- Wireless long range mouse and keyboard (30m).
- DVD player - full HD blue ray.
- Wireless intuitive remote controller.
- Simple laptop and auxillary audio connection point.
- Built in loudspeakers.
